

**Lloyd's Register EMEA
Validation Certificate**

This certificate is issued to:

APPLICANT: Parker Hannifin Ltd
(Domnick Hunter Division)
Dukesway
Team Valley
Gateshead
Tyne & Wear
NE11 0PZ

PRODUCT DESCRIPTION: OIL-X EVOLUTION Grade AO Filters

STANDARD: ISO 8573-2 : 2007 - Compressed air for general use
Part 2. Test Methods for Aerosol Oil Content

The Filters, as described above, have been tested in accordance with the requirements of the above standard and when challenged with 40 mg/m³ of oil mist resulted in a measured average residual oil content of < 0.35 mg/m³. The initial saturated differential pressure measured across each filter tested did not exceed 140 mbar (2 psi)

Details of the equipment, methodology and results are contained within the Technical Documentation File COV 0413801/TDF

Certificate No: COV0413801/1

Date of Issue: 14th June 2010

Certificate Issue 5

MJ Heathcote on behalf of Lloyd's Register EMEA

Lloyd's Register, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as the 'Lloyd's Register Group'. The Lloyd's Register Group assumes no responsibility and shall not be liable to any person for loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register Group entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.
