

Product specification and dimensions

Condensate Drain Series EASYDRAIN

Type ED1000-SO

Magnetically operated zero air loss
condensate drain

Maximum drainage capacity	200 litres condensate per
Inlet connection	hour 1/2" BSP or NPT
Outlet connection	1/8"
Minimum system pressure	0 bar
Maximum system pressure	16 bar
Minimum medium	2° C
temperature Maximum	50° C
medium temperature	2.0 mm
Valve orifice	Stainless steel direct acting
Type of operating valve	valve assembly
Valve seals	FPM
Housing material	Corrosion resistant
	Aluminium (EP coated)
